

What you need to bring with you

- Prior to collecting the motorhome, you will need to go online and obtain the code from the DVLA website so that we can check your driving licence. To do this go to www.gov.uk/view-driving-licence. You will then be asked to enter your Driving Licence Number and your National Insurance Number and your postcode. Once you have done this you can click on the link to generate the code, which we need here to check your licence. Please print of your licence details and bring them with you when you come to collect the motorhome. You will also need to do this within 21 days of the hire date so that code is still valid when you come to collect the motorhome.
- On the day of collection please bring your **DRIVING LICENCES including DVLA codes** for all drivers and also **2 SETS OF PROOF OF ADDRESS** such as utility bills, council tax statement or bank statement with you as we will need to make a copy. This is a requirement of the insurance company and therefore is very important that you bring them with you, as your collection may be delayed if you do not provide them on collection.
- You will also need to bring a bank card to pay the £500 damage deposit. (£1000 for European Hire) The damage deposit is refunded back to you after hire, provided there is no damage to the motorhome and it is returned full of fuel. Please see the Terms and Conditions for more information.
- We would also appreciate it if you could contact us just before the date of hire to confirm the time you intend to arrive. This will help us greatly so that we can organise our day accordingly.

Pre- booking campsites- The best way to book the sites is to either call the Camping and Caravanning Club booking number on Tel-**024 7647 5426** or the site itself, and tell them you have Privilege Membership with Seekers Motorhomes they can then generate the discount. All info about the campsites is on their website at www.campingandcaravanningclub.co.uk
